## The advantages of an independent agent and Progressive

There are many advantages of working with an independent insurance agency – advice and personal service, a choice of products and rates from competing carriers, and custom policies that meet your needs. Progressive knows small businesses – their product is designed for you, as the majority of their policies have only a few vehicles on them.

As the third largest commercial auto insurance carrier in the country, Progressive has a lot to offer you:

- Competitive rates
- Advice and personal service from an independent agent or broker
- Superior claims service
- 24/7 online policy access

Progressive offers coverage for most vehicles, drivers and business types. You don't have to have multiple business auto policies with several different insurance companies.

### Vehicles

- Pick-up trucks to tow trucks to tractor-trailers

### Drivers

- Inexperienced to veteran operators with a clean driving record or points

### Business types

- New ventures to established businesses

## Fast and Fair Claims Service

As a small business owner, an accident could bring your business to a halt, resulting in a loss of revenue. More importantly, the long-term impact means you may lose customers because you were unable to meet their needs. If you are involved in an accident, Progressive will help you get back on the road, and fast. Report your claim anytime, 24 hours a day, 7 days a week, by calling 1-800-925-2886. You will receive a prompt response from one of our 8,000 claims representatives.

## Pay Plans that Fit Your Budget

Operating your business from day to day can be tough. Purchasing insurance may be a big part of your budget. Progressive's competitively-priced commercial auto program offers many payment options. If you prefer to make your payments in installments, you can choose from affordable initial payments and convenient monthly plans. Payments can be made by check, credit card, Money Order or automatic withdrawal (Electronic Funds Transfer). Customers paying their premium in full may receive a discount.
